

To: House owner using Sewage

Thank you for using sewage as usual.

With your cooperation, we can promote the sewage system.

Please note the following points to use sewage smoothly.

Caution

Please DO NOT flush following things below.

If you flush these types of things into the sewers, it may clog the pipes, generate odors, or cause the pump to malfunction.

Please throw out these things as **burnable waste** in collection day at **garbage station**.

If caused the clogged sewage or the pump to malfunction, result in foul odors or overflowing sewage, which **could cause trouble for your neighbors**.

Also **if something are flowed into sewage, which cause the pump to malfunction**.

Sewage facility is important to protect environment.

Thank you for the cooperation.
